

Highlights from Edinburgh Art Fair 2025

Dear Friends of the Edinburgh Art Fair,

As we marked the 20th anniversary edition of the Edinburgh Art Fair (2005-2025), we were delighted to welcome visitors, exhibitors, artists, and partners for a celebration of art, community, and creativity.

Here are just some of the highlights from this special edition:

Artist Talks & Live Demonstrations

We hosted an inspiring line-up of talks and demos with both established and emerging artists. Sessions ranged from printmaking and tapestry to resin art and portraiture. Visitors enjoyed live painting moments where works came to life in real time.

Short Films, Immersive Art & Special Installations

To mark two decades of “Art for Everyone”, we expanded our programme beyond the traditional gallery format. From short films to interactive installations, visitors experienced art in fresh, engaging ways.

Family-Friendly Workshops & Kids’ Activities

Families joined our creative workshops, giving young visitors the chance to express themselves and explore art hands-on in a welcoming, relaxed environment.

Supporting Emerging Talent

We proudly showcased works by recent ECA graduates and emerging artists, reaffirming our commitment to supporting new talents.

Art for Everyone

With a diverse range of galleries and artists from across the world, the fair celebrated accessibility, diversity, and the belief that art belongs to everyone.

What's Next?

Plans for Edinburgh Art Fair 2026 are underway.

Edinburgh Art Fair prepares to begin its third decade of bringing affordable and accessible art from artists and galleries from around the globe to the art lovers of Edinburgh and beyond. You can keep up to date with our progress via our website and social media platforms.

Stay tuned!
